INVITATION

Dear Colleagues, dear friends

It gives me a great pleasure and honor to welcome you to the 30th Congress of the Moroccan Society of Neurosurgery, that will be held between June 28th and July 2nd in the city of Dakhla – Morocco.

The congress will be organized under the moto: Current state and future trends and aims to further strenghten African and International collaboration and bring us to discuss the challenges and progress in different fields of practice through a rich scientific content.

The program will also include the 13th WFNS Rabat Reference Center pre-congress Course for Young African Neurosurgeons, and will be an occasion to celebrate the 20th anniversary of the creation of the center, discussing its acheivements, its impact on global neurosurgery and what can further be done.

Thanks to the improvement of the pandemic situation in Morocco, we are now happy to organize an in-person meeting in a very intereresting spot located in the south of Morocco, the city of Dakhla, that offers many sightseeing opportunities and an exceptionnal climate.

The organizing committee is working hard to produce a rich scientific and social program to ensure we all have a wonderful time.

Once again welcome to Dakhla, to Morocco.

Abdessamad El Ouahabi
President of the congress
